

AEROSPACE JAM

Presented by the NASA Wisconsin Space Grant Consortium (WSGC)
and the Wisconsin Economic Development Corporation (WEDC)

Please join us for the

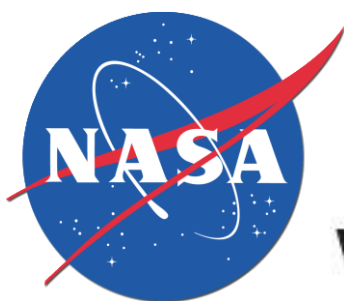

2ND ANNUAL AEROSPACE JAM

Hosted at the Milwaukee Bucks' brand new Fiserv Forum in Milwaukee this fall.

Last year more than 300 of the state's top science, technology, engineering and mathematics (STEM) students were able to engage with companies representing Wisconsin's growing aerospace industry during the first ever Bucks Aerospace Jam. This year we're looking to grow upon our success.

The Wisconsin Space Grant Consortium (WSGC), the Wisconsin Economic Development Corporation (WEDC) and the Wisconsin Aerospace Partners are teaming up with the Milwaukee Bucks to host the 2nd Annual Aerospace Jam. Attendees will receive free admission to the Aerospace Jam and the Milwaukee Bucks game that evening. The event date and time will be announced after the NBA schedule is released.

Industry leaders will kick-off the Bucks Aerospace Jam with special guest speakers. Undergraduate students from more than 28 academic institutions around the state will have the opportunity to meet with some of the more than 300 Wisconsin companies that serve the aerospace industry. High school students will meet with Wisconsin's college and university representatives to learn more about career opportunities in the industry.

FALL 2018
